## Insurance & Record Photography

“Sometimes the requirement for an image is its detail and not its design”

Capturing detail can be very important to some of our clients. Whether it is for public record, archive, auction, insurance claims or simply to preserve the image of an historic artifact, we will be happy to discuss your requirements.

## Commercial & Industrial Photography

Let our images speak for you”

In today's competitive world, images of your product or service need to make you stand out in a crowd. A strong image can break down language barriers and simplify your sales strategy. Let us capture your strengths.

As a Licentiate of the British Institute of Professional Photography and with over 20 years' experience in crime scene and commercial photography, Paul Canning LBIPP Cert.Ed. of PhotoNotion will provide you with a truly crafted image.
